## Oleoresin Capsicum Aerosol Weapon Instructor Certification & Re-Certification

February 16, 2010 8:00 a.m. to 12:00 noon  
Room #309 Hearnes Center, Columbia, Missouri

**PROGRAM:** Aerosol chemical agents have been around for many years, yet the impact on the law enforcement, correctional and private security community had been minimal until the introduction of an Oleoresin Capsicum "OC" Formulation, better known as "Capstun" or "Pepper Mace."

As you will learn in this course, "OC" Aerosol products are unique and highly effective on a wide variety of resistant subjects.

Upon successful completion of this one-day aerosol weapon course, you will be **certified** as an Oleoresin Capsicum Aerosol Weapon Instructor. A participant who successfully completes will also receive a certificate for **4 hours of Continuing Education**, as mandated by POST, in the core curricula areas of **Legal Studies (2 hours) and Technical Studies (2 hours)**.

**NOTE:** For Instructor Certification all students in this seminar will be required to experience the effects of "OC." (If you wear contacts, please bring appropriate glasses to wear during the exposure to OC.)

**EQUIPMENT:** All students should dress in comfortable clothing suitable for intense physical activity and provide a sturdy belt to hold the product. Also bring a towel to use for "OC" Exposure Recovery.

**REGISTRATION:** The registration fee of **\$200.00 for Instructor Certification** or **\$150.00 for Instructor Re-Certification** covers all ancillary materials, handout materials, certificate of completion, and Continuing Education Units (CEUs), Instructor Manuals, and Instructor Certification through R.E.B. Security Training, Inc.. *This program is not covered by Training/ Continuing Education Account Agreements, but may be paid for from this fund if monies are available.* Registration is limited and enrollment will be taken on a first received basis. Early registration is advised. For further information, please contact our office.

*Affirmative Action/Equal Opportunity Institution*
