Assaults against on-duty law enforcement officers have steadily increased, and every officer is faced with the prospect of being seriously assaulted. Because of this ever-present threat, all law enforcement officers need a valid, defensible system for controlling hostile subjects and, at the same time, protecting themselves against assault.

In this seminar, you'll receive instructor certification in the Pressure Point Control Tactics (PPCT) Defensive Tactics System, which has been recognized as the world's leading nonlethal subject control system.

  - Control concepts
  - Pressure point control
  - Impact weapon systems
  - Active countermeasures
  - Other defensive tactics disciplines

**Equipment:**  
Bring handcuffs with keys and duty leather. Dress in comfortable clothing that is suitable for intense physical exercises.

LETI staff instructor Adam Duncan is a certified PPCT defensive tactics instructor/instructor trainer.
